

“Space is for everybody. It's not just for a few people in science or maths, or for a select group of astronauts. That's our new frontier out there, and it's everybody's business to know about space.” – Christa McAuliffe.

SPACE GENERATION
ADVISORY COUNCIL

**In support of the United Nations
Programme on Space Applications**

SGAC Origins

SGAC is a global **non-governmental, non-profit** organisation and network which aims to represent **university students and young space professionals** ages **18-35** to the United Nations, space agencies, industry, and academia.

Conceived at the Third United Nations Conference on the Exploration and Peaceful Uses of Outer Space (UNISPACE III) in Vienna in 1999.

*“ To create, within the framework of the Committee on the Peaceful Uses of Outer Space, a consultative mechanism to **facilitate the continued participation of young people from all over the world**, especially young people from developing countries and young women, in cooperative space-related activities [...] ”*

6 Regions, 165 Countries, 25,000+ Members

SGAC The Five Pillars

Connect. Grow. Empower.

SGAC focuses on **five core pillars** of activities to **connect, grow and empower** our **one global network of members across the world**, and amplify our voice to the highest levels of government, space agencies, industry, academia and the United Nations.

SGAC Mentorship Programme

SGAC created the mentorship program for its members in order to **help connect SGAC members with experts in the space sector**, especially through our vast network of SGAC Alumni.

The mentorship program aims at **connecting mentees and mentors** in order to provide guidance, give personalized advice, and support to mentees from the different mentors.
